CIPP for Large-Diameter Pressure Pipes

Frank Kendrix, Senior Project Manager, Insituform Technologies LLC

With almost 25 years in the trenchless industry, Kendrix has been a part of all different types and sizes of CIPP installation across the United States. He currently serves on the NASSCO Board of Directors and is active on numerous CIPP, Pressure Pipe and lateral rehab committees.

9:15-9:55 a.m.

Navigating Bends in Pressure Pipe Rehabilitation

John Moody, Director of Sales-U.S., Primus Line

Moody has 20 years of experience in the construction industry, including the water, wastewater and stormwater markets. He also has 8 years of pipe rehabilitation experience, coving cement mortar lining, CIPP, epoxy coating, slip line HDPE, spiral wound and flexible Kevlar woven polyethylene coated pipe. Currently he is responsible for the market development of Primus Line trenchless technology.
